

**ERAIFT takes part to the preparatory activities of the 27th Conference of the Parties on  
Climate (PRECOP 27) in Yangambi, Democratic Republic of Congo  
5 to 7 September 2022**

ERAIFT, a Category II Centre under the auspices of UNESCO, participates to the preparatory activities of the 27th Conference of the Parties on Climate (PRECOP 27) held in Yangambi, from 5 to 7 September 2022. It is represented in the scientific segment of this forum by its Director, Professor Baudouin MICHEL, Professor Raymond LUMBUENAMO and its permanent research assistant in Yangambi, Mr Louis Pasteur BAMENGA.

In fact, PRECOP 27 of Yangambi gathers several national and international scientists, civil society and private sector members, development partners and policy makers from around the world. These participants discuss about the contribution of the forests of the Congo Basin and other tropical forest basins in the fight against climate change.

The event was opened by the Congolese Prime Minister, Jean-Michel Sama Lukonde, accompanied by the Deputy Prime Minister and Minister for the Environment and Sustainable Development, Eve Bazaiba, and the Minister for Scientific Research and Technological Innovation, José Mpanda Kabangu.

ERAIFT is very grateful to the Deputy Prime Minister and Minister of Environment and Sustainable Development for invitation to this international forum.
