

## Continuing education on the Yangambi database from 31 to 04 November 2022

The Regional Post-Graduate School of Integrated Management of Tropical Forests and Lands organized a training session on the data base from October 31 to November 4 at the National Institute for Agronomic Studies and Research - Yangambi Research Center. This training was provided by the IT Manager of ERAIFT, Mr. Hervé Mishidi. This training was attended by 15 people and is part of the capacity building of actors to manage the free access database of the Yangambi project, Scientific Pole for the benefit of man and forests (YPS).

L'ERAIFT remercie l'Etat congolais et l'ensemble des partenaires qui soutiennent le développement à Yangambi. L'ERAIFT remercie particulièrement l'INERA –Yangambi et les chercheurs qui ont participé à cette activité. Enfin, elle présente sa gratitude à l'Union Européenne et le Royaume de la Belgique pour leur soutien financier.
